headache, obstruction of the nasal passage, nose  
discharge, falling from the head, stiffness, &  
swelling of the head, & swelling of the eyes,  
teeth, tonsils, mucous, glands, & the  
lungs, in the early stages, become  
so strong as to clear the head, & the  
obstruction may be either swelling of the  
nose, the voice is changed and has a "twisted  
twang"; the breath is offensive, smell is  
distasteful, there is a sensation of fullness  
in the head, & a headache enough  
and general debility. Only a few of these  
peculiar symptoms are likely to be present in  
any one case. Thousands of cases annually,

and dangerous, or less understood by phys-  
icians.

ately, Sore Throat, Headache, & other  
cases of Catarrh, Cough in the Head,  
Vortex, and Vascular Headache.

"Untold Agony from Catarrh."

Prof. W. HARRISON, the famous mesmerist,  
of Utica, N. Y., writes: "I was a great sufferer  
from catarrh for three years. At times I could  
hardly breathe, and was constantly hawking  
and coughing, and for the last eight months could  
not breathe through the nostril. I could not  
speak above a whisper. The morning  
after a severe cold, my throat would  
almost strangle me. By the use of Dr. Sage's  
Catarrh Remedy, in three months, I was a well  
man, and the cure has been permanent."
